The Location

Whether a workshop, sales conference, wedding, or a birthday party, das flax is the perfect location for your event.

Six meeting rooms, each 50 sqm with state of the art technology, offer space for creative exchanges. The rooms can be combined in pairs and via the large glass windows, the outside is brought inside.

There are lounge areas for breaks and receptions and local caterers provide food and drink for your event.

And for Teambuilding, or simply a break from the meeting setting, our outdoor partner will organize the perfect activity for your group, such as a Segway tour or a picnic with a magnificent view.

Team room – Space for creativity

Teamwork, new work and creativity are the keys for the contemporary working model. The new modern lifestyle connects business and leisure, an important element here in the heart of the Oberallgäu. Because that connection happens naturally here and we are convinced it contributes to our guests' happiness.

We create the space. Our industrial design concept for our team room provides an open space so you can generate new ideas and strategies. You can build your own working spaces using the various modular furniture, giving your teamwork a modern, individual feel. When you are finished you can head outdoors to enjoy the beautiful surrounding nature.

FOR AFTER WORK

BARS & SNACKS

The cozy, modern flax bar is available daily from 6pm providing drinks and snacks. The flax bar is the social center of the hotel and the perfect meeting point for an after work drink with conference guests and locals, for a welcome drink upon arrival, or some refreshment after some strenuous leisure activity.

Besides the usual aperitifs, the flax bar offers long drinks, spirits, various wines, and regional beers. And if you are feeling a bit hungry, we serve a variety of snacks as well.
